

MEMPHIS AREA LONG RANGE TRANSPORTATION PLAN *Public Workshops*

WHY

If you walk, bike, drive, or ride a bus in the Memphis Area, this is your chance to voice your opinion and ideas for a change.

WHAT

Public Workshops

The 25-year long transportation plan sets priorities for how our region will spend money on transportation improvements, including new and widened roads, public transportation, bicycle and pedestrian facilities, freight mobility, and other important improvements. The workshops will include small group discussions to critique proposed recommendations before the plan is finally adopted. A goal of this study is to determine which projects will be implemented in the region.
